References: Abstracts, oral presentations and posters 1992 and onwards

At this time I felt I had much enough references in journal articles and therefore stopped recording oral presentations etc so this list is very incomplete.

56. A randomised double-blind, placebo-controlled, multicentre trial of the association between maternal carriage of group B Streptococci, excess neonatal morbidity, and its prevention by antepartum vaginal disinfection with chlorhexidine.
   K Tullus, LG Burman, P Christensen, K Christensen, B Fryklund, AM Helgeson, and the Swedish Chlorhexidine Study Group
   Xth Annual meeting of ESPID, 23-24th April 1992 in Dresden

57. Interleukin 6 and 8 in the urine of infants and children with acute pyelonephritis.
   K Tullus, O Fituri, B Wretlind, A Brauner.
   Pediatric Nephrology 1992;6:C95

58. Age differences in urinary NAG excretion and DMSA scintigraphy in first-time acute pyelonephritis in children.
   Pediatric Nephrology 1992; 6:C97

59. Antibiotic susceptibility of 629 bacterial blood and cerebrospinal fluid isolates from Swedish infants and the therapeutic implications
   K Tullus, et al
   Infectious Diseases Digest 1992; 3:24-25

60. Interleukin 6 and 8 in the urine of infants and children with acute pyelonephritis.
   K Tullus, O Fituri, LG Burman, B Wretlind, A Brauner
   32nd ICAAC, Anaheim, California, October 1992

61. Interleukin-6 och interleukin-8 I urin hos barn med pyelonefrit
   B Wretlind, A Brauner, LG Burman, O Fituri, K Tullus.

62. Interleukin-6 and Interleukin-8 in urine of children with acute pyelonephritis.
   K Tullus, O Fituri, LG Burman, B Wretlind, A Brauner

63. Cytokine response in bronchopulmonary dysplasia (BPD)
   K Tullus, A Brauner, LG Burman, G Noack, B Wretlind
   The 11th meeting of ESPID, May 26-28 1993, Helsinki, Finland
64. Vaginal disinfection during labour.
Nursing times 1992;88:58.

65. DMSA scintigraphy changes are still common after an acute pyelonephritis indicating permanent damage
ESPN 1993

66. Prenatal nefrologi- utredning och behandling av intrauterint upptackt urinvagsmissbildning.
(Symposium on antenatal discovered hydronephrosis)
K Tullus, G Giertz, S Josephsson, G Claesson, G Lohr, K Saflund.
BLF (Swedish Society for Paediatrics) 1993
BLF-nytt 1993; 2:5-6

67. Akutpediatrik (Symposium on emergency Paediatrics)
K Tullus, GR Fleisher, H Nordgren, K Berg Kelly, A Dimberg.
BLF (Swedish Society for Paediatrics) 1993
BLF-nytt 1993; 2:8-9

68. Neonatal morbidity associated with group B streptococci and its prevention by chlorhexidine flushing of the vagina during labour.
LG Burman, K Tullus.

69. The value of DMSA scintigraphy and tubular parameters in the diagnostics of acute pyelonephritis in children.
T Linne, O Fituri, R Escobar Billing, A Karlsson I Wikstad, A Aperia, K Tullus
Nordiske Nyredage, May 22-25 1993 Reykjavik Iceland

70. One-year follow-up of pyelonephritis DMSA scintigraphy changes in children
ASN November 14-17 1993

71. Relation between urinary cytokines and clinical and radiological data in children with acute pyelonephritis
K Tullus, LG Burman, R Escobar-Billing, O Fituri, T Linne, B Wretlind, A Brauner.
ESPN 1993

72. PhP typing av fekala streptococker
I Kuhn, K Tullus, LG Burman
Svenska Lakaresallskapets Riksstamma 1-3 December 1993.

73. Cytokiner I bronskoljvatska vid bronkopulmonell dysplasia.
K Tullus, A Brauner, LG Burman, G Noack, B Wretlind.

74. Can urinary cytokines in the acute phase of pyelonephritis predict renal scarring?
K Tullus, O Fituri, T Linne, R Escobar Billing, I Wikstad, A Brauner
The 13th meeting of ESPID, Birmingham April 1995-21, 1995

75. Correlation between susceptibility of infants to infections and interactions with neutrophils of
Escherichia coli strains causing neonatal and infantile septicaemia.
L Ohman, K Tullus, M Katouli et al
Digest 1995 October.

76. Urinvagsantibiotika nya data. (Update on urinary tract antibiotics)
K Tullus
BLF (Swedish Paediatric Society) yearly meeting BLF-nytt 1996;2:4

77. Glycemic effect and satiating capacity of potato chips and milk chocolate bars in diabetic
teenagers.
G Cedermark, M Selenius, K Tullus.
American Journal of Clinical Nutrition 1994;59(suppl):792S

78. Prevention of group B Streptococcal morbidity in neonates by vaginal chlorhexidine washings.
K Tullus
In Symposium on perinatal infections, Nijmegen, the Netherlands February 16, 1996.

79. Cytokines and renal scarring
K Tullus
III Jenaer Symposium “Harnwegsinfektion” 28-30 March 1996, Jena, Germany

80. BAL cytokine measurements predict the development of bronchopulmonary dysplasia
K Tullus, B Jonson, G Noack, Y Lu, A Brauner
14th ESPID, 18-21 June 1996, Helsingor, Denmark

81. Cytokine mRNA in the kidneys of mice with experimental pyelonephritis studied by in situ
hybridisation.
K Tullus, A Khalil, M Bakhiet, LG Burman, A Brauner.
ESPN 1996

82. Tracheobronchial aspirate fluid cytokine levels predict the development of chronic lung disease
B Jonsson, G Noack, A Brauner, Y Lu, K Tullus
Pediatric Research ESPR, 1996;535

83. Cytokine gene expression in experimental Escherichia coli pyelonephritis in mice.
A Khalil, A Brauner, M Bakhiet, LG Burman, B Wretlind, K Tullus
29th Annual meeting ASN November 3-6, 1996

84. Urinary tract infection and hydronephrosis in growing rats – when is sulpha to late?
G Claesson, G Jaremko, A Khalil, K Tullus, AC Eklof.
9th International symposium on paediatric surgical research, October 18-19 1996, Rome

85. Clostridium Difficile associated diarrhoea (CDAD) in children in Sweden
K Tullus, O Karlstrom, B Fryklund, LG Burman
15th ESPID, 21-23 May 1997, Paris France

86. Nationwide surveillance of Clostridium Difficile associated diarrhoea (CDAD) in Sweden
   **K Tullus**, O Karlstrom, B Fryklund, LG Burman
   20th International Congress of Chemotherapy, June 29-July 3, 1997, Sydney, Australia

87. Modulating the cytokine response in post infectious kidney scarring.
   **K Tullus**, A Khalil, LG Burman, G Jaremko, A Brauner.
   ASN 30th meeting November 2-5, 1997

88. Mechanisms of renal damage in UTI.
   **K Tullus**, invited speaker.
   IPNA September 1998, London

89. Expression of E. coli type 1 fimbriae (TY1) in vitro and during the course of UTI.
   K Ishikawa, R Mollby, S Normark, B Sundelin, **K Tullus**, J Winberg.

90. Down regulation of kidney TGFβ mRNA expression by Losartan in experimental pyelonephritis in mice.
   **K Tullus**, A Khalil, A Brauner.
   International forum on Angiotensin II receptor antagonists, January 28-30 1999, Monte-Carlo

91. Symposium Nefriter vid kollagenoser. (Glomerulonephritis with vasculitides)
   **K Tullus**, B Sundelin, S Hagelberg.
   BLF (Swedish Paediatric Association) annual meeting 1999

92. Macrophage proinflammatory cytokines – induction by Ureaplasma Urealyticum and down regulation by steroids and rIL-10

93. Angiotensin II type 1 receptor antagonist (Losartan) down-regulates transforming growth factorβ in experimental acute pyelonephritis
   A Kahlialil, M Bakheet, A Brauner, LG Burman, G Jaremko, **K Tullus**
   Svenska Lakaresallskapets Riksstamma, Stockholm, Sweden, 30 November – 2 December 1999

94. Ureaplasma urealyticum inducerar och steroider och rIL-10 nedreglerar proinflammatorisk cytokin production från makrofager.
   Svenska Lakaresallskapets Riksstamma, Stockholm, Sweden, 30 November – 2 December 1999

95. Ureaplasma urealyticum stimulates the production of nitric oxide and inducible nitric oxide synthase from rat alveolar macrophages
   Y-H Li, GKHansson, A Brauner, **K Tullus**
96. Ureaplasma Urealyticum induces expression of NO and Inducible NO synthase (iNOS) from alveolar macrophages.
   **K Tullus**, YH Li Z-Q Yan, A Brauner.
   17\textsuperscript{th} ESPID, 1999

   **K Tullus**, YH Li, Z-Q Yan, J Skov Jensen, A Brauner.
   19\textsuperscript{th} ESPID, March 26-28, 2001, Istanbul, Turkey

98. Chemokines and iNOS in experimental acute pyelonephritis in mice
   **K Tullus**, A Khalil, O Hertting, A Brauner.
   12\textsuperscript{th} IPNA, 1\textsuperscript{st} – 5\textsuperscript{th} September 2001, Seattle, USA

99. Renal concentrating capacity assessed by morning urine osmolality after bedtime desmopressin or placebo.
   S Marild, P Brandstrom, I Fosdal, J Jensen, S Mattsson, J Norgard, I Sjoberg, **K Tullus**.
   12\textsuperscript{th} IPNA, 1\textsuperscript{st} – 5\textsuperscript{th} September 2001, Seattle, USA

100. Meconium induces iNOS expression, NO production and activation of NF-κB in alveolar macrophages.
    **K Tullus**, YH Li, ZQ Yan, B Jonsson, A Brauner
    23\textsuperscript{rd} International Congress of Pediatrics, 9-14 September 2001, Beijing, China

    **K Tullus**, B Karpe
    One hour lecture in National Swedish course in Paediatric Intensive Care 24-28 September 2001

102. Njurarnas koncentrationsformaga matt som osmolalaitet i morgonurin efter tillforsel kvallen fore av desmopressin respective placebo.
    S Marild, P Brandstrom, I Fosdal J Jensen, S Mattsson, JP Norgaard, I Sjoberg, **K Tullus**
    Svenska Lakaresallskapets Riksstamma, Stockholm, Sweden, 2001
103. Acute pyelonephritis – inflammation in the kidneys and clinical aspects.
K Tullus
Teaching during MSc course in Clinical Paediatrics, 19/03/2003, London

104. Inflammation in the kidneys during acute pyelonephritis.
K Tullus
Pediatric Nephrology & Urology course, Institute of Child Health, 3-7 March 2003, London

105. Inhibitor of Metalloproteinases-1 blocks transmigration of granulocytes and protects them from apoptosis during inflammation
M Chromek, K Tullus, J Lundahl, A Brauner.
ESPN, World Congress of Nephrology, June 8-12, 2003, Berlin

106. Therapeutic plasma exchange in vasculitis: the Great Ormond Street Hospital experience.
EC Wright, K Tullus, V Shah, MJ Dillon
11th International Vasculitis and ANCA workshop, October 2-5, 2003, Prague.

106. A nephrologist’s view: why investigate which child.
K Tullus
Lecture and discussion in Nuclear medicine in renal diseases with emphasis on children 19 November 2003, London

107. Revascularisation and autotransplantation outcomes in young children with severe bilateral renovascular hypertension
SD Marks, MJ Dillon, G Hamilton, RH Lord, SE Stephens, K Tullus
BAPN 1st April 2004, York, the UK

108. Therapeutic plasma exchange in childhood vasculitis
EC Wright, K Tullus, M Dillon
BAPN 1st April 2004, York, the UK

109. B lymphocyte depletion in childhood systemic lupus erythematosus (SLE) and lupus nephritis.
SD Marks, K Tullus
Pediatric Nephrology 2004; 19(9): C64. Winner of Best Oral Free Communication
Presentation at 13th Congress of the IPNA (International Pediatric Nephrology Association),
IPNA Adelaide, Australia September 2004

110. Revascularisation and autotransplantation outcomes in children with bilateral renovascular hypertension
SD Marks, KJ Dillon, G Hamilton RH Lord, SE Stephens, K Tullus
IPNA (International Paediatric Association), Adelaide, Australia
Pediatric Nephrology 2004; 19(9): C130. Poster Presentation at 13th Congress of September 2004

111. Therapeutic plasma exchange in childhood vasculitis
EC Wright, MJ Dillon, K Tullus
IPNA Adelaide, Australia September 2004
112. Decrease in maximal renal concentrating capacity in children with renal damage.
I Sjöberg, P Brandstrom, I Fosdal, S Mattson, K Tullus, S Marild
IPNA Adelaide, Australia September 2004

113. The safety and efficacy of B lymphocyte depletion therapy in refractory childhood systemic lupus erythematosus
SD Marks. K Tullus

114. Clinicopathological correlations in paediatric lupus nephritis
SD Marks, K Tullus, NJ Sebire
Poster at 6th European Lupus Meeting, 5th March 2005
Lupus 2005; 14(3): 257

115. Single centre outcomes of childhood primary renovascular hypertension.
Arch Dis Child 2005;90 Suppl II: A29
Oral Presentation at 9th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2005

Brogan PA, Tullus K, Van’t Hoff W, Trompeter R, Rees L.
Arch Dis Child 2005;90 Suppl II: A29
Oral Presentation at 9th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2005

117. The histopathology and outcomes of childhood lupus nephritis.
Marks SD, Tullus K, Sebire NJ.

118. 30 year review of childhood primary renovascular hypertension.

119. Clinicopathological correlation in paediatric lupus nephritis: relationship to revised histopathological classification
SD Marks, K Tullus, NJ Sebire
J Pathol 2005;207:14
120. 20 years of angioplasty at Great Ormond Street Hospital.
Oral Presentation at the European Society of Paediatric Radiology, Belfast, June 2005.
Pediatric Radiology 2005; Suppl 2: S115-S116

121. Clinicopathological correlations in paediatric lupus patients
Marks S, Tullus K, Sebire N
Poster at the European Society for Paediatric Nephrology, Istanbul Sept 2005
Pediatric Nephrology 2005;20:C79

122. Progression of chronic renal failure in dysplastic kidneys
Gonzalez C, Bitsori M, Tullus K
Oral presentation at the European Society for Paediatric Nephrology, Istanbul Sept 2005
Pediatric Nephrology 2005;20:C30

123. Angioplasty for renovascular hypertension in children – 20 year experience
Oral presentation at the European Society for Paediatric Nephrology, Istanbul Sept 2005
Pediatric Nephrology 2005;20:C30

124. Increased incidence of HUS associated with T-antigen activation
Oral presentation at the European Society for Paediatric Nephrology, Istanbul Sept 2005
Pediatric Nephrology 2005;20:C25

125. Does long term steroid use influence long term growth?
Simmonds J, Calvert T, Trompeter R, Tullus K
Poster at the European Society for Paediatric Nephrology, Istanbul Sept 2005
Pediatric Nephrology 2005;20:C107

126. Evaluation of outcomes of endovascular and surgical treatment of severe renovascular hypertension (SRT) in children
G Hamilton, D Roebuck, RH Lord, C McLaren MJ Dilon, SD Marks, K Tullus
Educational masterclass on Endovascular Repair 14/11/2005 London

127. Marks SD, Tullus K, Sebire NJ.
Clinicopathological correlations in paediatric lupus nephritis: Relationship to revised histopathological classification.
Arch Dis Child 2006; 91 (Suppl I): A34.
Oral Presentation at 10th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2006.

128. Biologic therapy in primary systemic vasculitis of the young
PreS 2006 7th Young Investigators Meeting, 13th European Pediatric Rheumatology Congress, Amsterdam 2006.

129. Haemolytic uraemic syndrome associated with invasive pneumococcal disease – the UK experience.
AM Waters, L Kerecuk, D Luk, MR Haq, MM Fitzpatrick, RD Gilbert, C Inward, C Jones, B Pichon, C Reid, MPE Slack, W van’t Hoff, MJ Dillon, CM Taylor, K Tullus
Poster ASPN annual meeting 2006

L Kerecuk, A Waters, CM Taylor, C Reid, K Tullus
Arch Dis Child 2006;91 Suppl 1, A33
Oral Presentation at 10th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2006

131. Progression of chronic renal failure in dysplastic kidneys.
K Tullus, M Bitsori, C Gonzalez
Arch Dis Child 2006;91 Suppl 1: A32
Oral Presentation at 10th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2006

131. Investigations after a UTI - opposing view.
K Tullus
Oral Presentation at 10th Spring Meeting of the RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2006

133. Haemolytic uraemic syndrome associated with invasive pneumococcal disease: the UK experience.
L Kerecuk, AM Waters, D Luk, MR Haq, MM Fitzpatrick, RD Gilbert, C Inward, C Jones, B Pichon, C Reid, MPE Slack, W van’t Hoff, MJ Dillon, CM Taylor, K Tullus
ESPN, Palermo October 2006

134. Treatment of therapy-resistant enuresis with tolterodine or imipramine: a randomised, double-blind, placebo-controlled cross-over trial
T Neveus, K Tullus
ICCS oral presentation Antalaya September 2006

AM Waters, L Kerecuk, D Luk, MR Haq, MM Fitzpatrick, RD Gilbert, C Inward, C Jones, B Pichon, C Reid, MPE Slack, W van’t Hoff, MJ Dillon, CM Taylor, K Tullus
Poster ASN San Diego November 14-19 2006

136. Does long-term steroid use influence long-term growth in children?
J Simmonds, K Tullus
Endocrinology meeting GOSH 12th October 2006
137. It is enough to raise your blood pressure  
E Brennan, S Marks, **K Tullus**  
GOSH joint meeting 11th October 2006

138. Treatment of childhood vasculitis  
**K Tullus**  
BAPN training day GOSH 14th July 2006

139. Prevention of progression of CRF  
**K Tullus**  
Nephrology for the General Paediatrician study day GOSH 10th November 2006

140. UTI  
**K Tullus**  
MSc in Clinical Paediatrics GOSH 7th February

141. Patterns of progression in children with congenital malformations  
**K Tullus**  
Paediatric Nephrology and Urology Week 2007 ICH 28th February

142. When and how should we treat dyslipidemia in children with chronic kidney disease  
**K Tullus**  
Paediatric Nephrology and Urology Week 2007 ICH 2nd March

143. Diagnostic evaluation of hypertension in children and adolescents  
**K Tullus**  
Stefnumot – Hypertension in children and adolescents 30th March 2007 Reykjavik

144. Urinary Tract Infections  
**K Tullus**  
GP congress Birmingham 10th May 2007

145. Hypertension in Children  
**K Tullus**  
North Thames Study Day 31th May 2007

146. Surgical treatment for renovascular hypertension in children  
M Staderman, G Hamilton, DJ Roebuck, CA McLaren, R Lord, SD Marks, MJ Dillon, **K Tullus**  
Lecture at the International Paediatric Nephrology Association Meeting Budapest 31st August to 4th September 2007.  
Pediatr Nephrol 2007;22:1440

147. B cell depletion therapy with rituximab in children with refractory systemic lupus erythematosus  
A Podolskaya, M Staderman, C Pilkington, S Marks, **K Tullus**  
Lecture at the International Paediatric Nephrology Association Meeting Budapest 31st August to 4th September 2007.
148. Predicting renal prognosis from glomerular expression of monocyte chemoattractant protein-1 in juvenile lupus nephritis
S Marks, S Williams, K Tullus, N Sebire
Oral poster at the International Paediatric Nephrology Association Meeting Budapest 31st August to 4th September 2007.
Pediatr Nephrol 2007;22:1481

149. Urinary tract infections – the NICE perspective
K Tullus
Masterclass on Vesico-ureteric reflux Leeds 18th September 2007

150. UTI NICE guidelines
K Tullus
Lecture on the Nephrology for the General Paediatrics Day ICH 9th November 2007

151. All you need to know about nephrology
K Tullus
Course in Practical Paediatrics – Nephrology London 5th November 2007

152. Rituximab and SLE
K Tullus
Meeting at Roche Welwyn Garden City 17th December 2007

153. Current approach to UTI
K Tullus
Invited lecture at the 2nd advanced child health care meeting in Rijad, Saudi Arabia 19-22 January 2008

154. Acute management of hypertension
K Tullus
Invited lecture at the 2nd advanced child health care meeting in Rijad, Saudi Arabia 19-22 January 2008

155. The NICE view on UTI
K Tullus
Invited lecture in Dubai 1st of April 2008

156. Patient presentations
K Tullus
Lecture at the Paediatric Nephrology &Urology Week, GOSH, 25th February 2008

157. Patient presentation what would you do?
K Tullus
Lecture at the Paediatric Nephrology &Urology Week, GOSH, 25th February 2008

158. Radiological investigations: how to find what we need without causing too much harm?
K Tullus
Lecture at the Paediatric Nephrology &Urology Week, GOSH, 25th February 2008

159. Patients what do we do now?
K Tullus
Paediatric Nephrology &Urology Week, GOSH, 25th February 2008

160. Case presentations in vasculitis
K Tullus
Lecture at the Paediatric Nephrology &Urology Week, GOSH, 26th February 2008

161. A familial study of childhood renal artery stenosis
SD Marks, A Gullet, E Brennan, K Tullus, AS Woolf
Oral presentation at the 12th spring meeting of the RCPCH in York 14-17 April 2008, Archives Dis Child 2008;93 (Suppl 1):28

162. Urinary Monocyte Chemoattractant Protein-1 correlates with disease activity paediatric lupus nephritis
SD Marks, N Sebire, K Tullus
Poster at the Renal association meeting April 2008

163. Rituximab as B-cell depletion therapy for paediatric patients with refractory systemic lupus erythematosus
A Podolkskaya, M Stademmann, C Pilkington, SD Marks, K Tullus
Poster at the 7th European lupus meeting, Amsterdam 7-10 May 2008

164. MRI, CT and renal scintigraphy in the evaluation and management of paediatric hypertension
K Tullus
Invited lecture at the Pediatric Academic Societies 3-6 May 2008, Honolulu, Hawaii

165. How to measure proteinuria
K Tullus
Invited lecture at the Swedish Paediatric Associations spring meeting 14-18 April 2008 Orebro

166. Kidney protection and treatment with ACE inhibitors and Angiotensin II receptor blockers
K Tullus
Invited lecture at the Swedish Paediatric Associations spring meeting 14-18 April 2008 Orebro

167. Treatment of proteinuria
K Tullus
Invited lecture at the Swedish Paediatric Associations spring meeting 14-18 April 2008 Orebro

168. Treatment of IgA nephropathy
K Tullus
Invited lecture at the Swedish Paediatric Associations spring meeting 14-18 April 2008 Orebro

169. Urinary Tract Infections – the new NICE guidelines
K Tullus
Lecture at Paediatric Study Day, Hillingdon Hospital, 1st June 2008
170. Mid-aortic syndrome: long term outcome in 32 children
   A Tummolo, S Marks, M Stadermann, DJ Roebuck, C McLaren, G Hamilton, MJ Dillon, K Tullus
   Oral presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon
   Pediatr Nephrol 2008;23:1589

171. Urinary and not plasma monocyte chemoattractant protein-1 correlates with disease activity in paediatric systemic lupus erythematosus
   S Marks, V Shah, n Hasson, C Pilkington, K Tullus
   Oral presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1593

172. Effectiveness of antibiotic prophylaxis for children at risk of developing urinary tract infection and renal scarring: Results of a systematic review carried out on behalf of the National Institute for Health and Clinical Excellence (NICE) UK
   K Verrier Jones, L Jadresic, M Lakhanpaul, R Mori, K Tullus
   Oral presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1595

173. A new imaging strategy for children following UTI: results of an evidence based approach to guideline development carried for the National Institute for Health and Clinical Excellence (NICE) UK
   K Tullus, L Jadresic, M Lakhanpaul, R Mori, K Verrier Jones
   Oral presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1596
174. Diagnosis of UTI: result of an evidence based approach to guideline development carried for the National Institute for Health and Clinical Excellence (NICE) UK
L Jadresic, M Lakhanpaul, R Mori, K Tullus, K Verrier Jones
Oral presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1596

175. Progression of chronic renal failure in different renal diseases
C Gonzalez, M Bitsori, K Tullus
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1609

176. A 30-year single centre experience of Membranoproliferative Glomerulonephritis
RG Krishnan, L Rees, K Tullus, D Bockenhauer, RS Trompeter, W Van’t Hoff, NJ Sebire, SD Marks
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1639

177. Mycophenolate mofetil (MMF) treatment in paediatric onset systemic lupus erythematosus (SLE)
I Kazyra, SD Marks, K Tullus
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1643

178. Hepatocyte nuclear factor 1 beta mutations commonly cause hypomagnesaemia
S Adalat, AS Woolf, SE Ledermann, W Van’t Hoff, SD Marks, RS Trompeter, K Tullus, PJ Winyard, H Dillon, J Cansick, L Rees, D Bockenhauer
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1655

179. How common is hypertension in first degree relatives of children with renal artery stenosis
S Marks, A Gullet, E Brennan, K Tullus, A Woolf
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1660

180. Pre and post captopril renal scintigraphy in prediction of renovascular disease
SEZ Abdulsamea, P Anderson, L Biassoni, C McLaren, S Marks, D Roebuck, K Tullus
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1661

181. Risk and benefits of traditional imaging strategies following recovery from urinary tract infection: results of an evidence based approach to guideline development carried for the National Institute for Health and Clinical Excellence (NICE) UK
K Verrier Jones, L Jadresic, M Lakhanpaul, R Mori, K Tullus
Poster presentation at the 42nd annual ESPN meeting September 11-14 2008 Lyon Pediatr Nephrol 2008;23:1698

K Tullus
Lecture at the XXV Congresso Conjunto de las Sociedades Chilenas de Nephrologia, Hipertension y Transplante 1st to 4th of October 2008, Pucon, Chile.

183. News in the management of FSGS in children
   K Tullus
   Lecture at the XXV Congresso Conjunto de las Sociedades Chilenas de Nephrologia, Hipertension y Transplante 1st to 4th of October 2008, Pucon, Chile.

184. Progression of chronic renal failure in different pathologies in paediatrics
   C Gonzalez, M Bitsori, K Tullus
   Lecture at the XXV Congresso Conjunto de las Sociedades Chilenas de Nephrologia, Hipertension y Transplante 1st to 4th of October 2008, Pucon, Chile.

185. Essential hypertension different compared to adults?
   K Tullus
   Lecture at the XXV Congresso Conjunto de las Sociedades Chilenas de Nephrologia, Hipertension y Transplante 1st to 4th of October 2008, Pucon, Chile.

186. Hypertension
   K Tullus
   Lecture at the North Thames registrar training day 30th October 2009

187. Management of Chronic Renal Failure.
   K Tullus
   Lecture at meeting in Dubai Hospital, Dubai, 25th of November 2008

188. Diagnosis and management of UTI.
   K Tullus
   Lecture at More Hot Topics in Paediatrics Friday 7 November 2009

189. Diagnostic evaluation of hypertension in children and adolescents
   K Tullus
   Lecture at Laeknadar 22nd of January 2009, Reykjavik, Iceland

190. Urinary tract infections – the NICE perspective
   K Tullus
   Lecture at study days at the Royal London Hospital, 11th February 2009

191. UTI
   K Tullus
   Lecture at MSc in Clinical Paediatrics 18th February, 2009, ICH

192. Investigating urinary tract infections in the first month of life.
   K Tullus
   Lecture at the Paediatric Nephrology &Urology Week, GOSH, 16th March 2009
193. Dyslipidaemia & insulin resistance: a sizeable problem?
   **K Tullus**
   Lecture at the Paediatric Nephrology & Urology Week, GOSH, 16th March 2009

194. Management of Nocturnal Enuresis
   **K Tullus**
   Lecture at meeting in Dubai Hospital, Dubai, 13th of April 2009

195. Management of Haematuria
   **K Tullus**
   Lecture at meeting in Dubai Hospital, Dubai, 14th of April 2009

196. Dolan N, Jones, A, **Tullus K**, Marks SD.
    Renal disease in children with immune dysregulation

197. Inflammation in kidney disease
   **K Tullus**
   Swedish barnveckan, 21st April 2009, Uppsala, Sweden

198. Glomerulonephritis and hypertension
   **K Tullus**
   Pediatric Training at Lister hospital 15th May 2009.

199. Rituximab in difficult to treat nephrotic syndrome
   A Prytuls-Ebels and **K Tullus**
   Bipartite Nephrology meeting UCL/ICH London 18th June 2009

200. Imaging strategy in children with UTI
   **K Tullus**
   Part of symposium 6th of June 2009, International Conference on Vescicoureteric Reflux in Children, Gothenburgh, Sweden

201. Managing acute renal failure
   **K Tullus**
   Lecture in Topics in Acute Paediatrics, 14th July 2009, RSM, London

202. Renovascular hypertension
   **K Tullus**
   Leading symposium and lecturing European Society for Paediatric Nephrology 43rd Annual Meeting 2-5th September 2009

203. The efficacy of Rituximab in an idiopathic nephrotic syndrome: a multicentre retrospective study
   AA Prytula, K Lijima, K Kamei, E Gottllich, A Majid, M Taylor, SD Marks, G Filler. G Smith, **K Tullus**
   Oral presentation at the European Society for Paediatric Nephrology 43rd Annual Meeting 2-5th September 2009
204. Renal vein renins in hypertensive children
   S Abdulsamea, S Marks, D Roebuck, K Tullus
   Poster at the European Society for Paediatric Nephrology 43rd Annual Meeting 2-5th September 2009

205. Revascularisation can restore function in kidneys with very poor radiotracer uptake and renal artery occlusion
   Y Tse, SD Marks, E Brennan, G Hamilton, CA McLaren, DJ Roebuck, K Tullus
   Poster at the European Society for Paediatric Nephrology 43rd Annual Meeting 2-5th September 2009

206. Can pre and post captopril renal scintigraphy predict renovascular hypertension in children?
   SEZ Abdulsamea, P Anderson, L Biassoni, C MacLaren, S Marks, D Roebuck, S Selim, K Tullus
   Journal of Human Hypertension 2009; Suppl 1:23: S21
   Poster at British Hypertension Society Annual meeting, St John’s College, 14-16 September 2009

207. Urinary Tract Infection
   K Tullus
   EDTA-ISN combined Pediatric- Adult meeting in Nephrology and RRT in Minsk, Belarus 3-4 October 2009

208. Hypertension in Children and Adolescents
   K Tullus
   EDTA-ISN combined Pediatric- Adult meeting in Nephrology and RRT in Minsk, Belarus 3-4 October 2009

209. Acute glomerulonephritis in children
   K Tullus
   EDTA-ISN combined Pediatric- Adult meeting in Nephrology and RRT in Minsk, Belarus 3-4 October 2009

210. Hypertension what is new?
    K Tullus
    Lecture at meeting in Dubai Hospital, Dubai, 16th of November 2009

211. Nephrotic syndrome what is new?
    K Tullus
    Lecture at meeting in Dubai Hospital, Dubai, 17th of November 2009

212. Management of Hypertension
    K Tullus
    Lecture in Nephrology Day for General Paediatricians, ICH, London 27 November 2009

213. New Treatments for SLE
    K Tullus
    Lecture in Nephrology Day for General Paediatricians, ICH, London 27 November 2009
214. A new imaging strategy for children following UTI – NICE guidelines
   K Tullus
   Riksstamman, RCP, annual meeting in Stockholm Sweden 26th November 2009

215. MMF treatment in children with lupus.
   K Tullus
   Bipartite Nephrology Meeting ICH/UCL 17 December 2009

216. Nephrotic syndrome
   K Tullus
   Lecture at the paediatric unit Lister Hospital 15 January 2010

217. Management of hypertension in children and adolescents
   K Tullus
   Chronic heart failure and hypertension, 2nd National Conference, 11-12 February 2010, London

218. Vesicoureteric reflux – clinical background
   K Tullus
   ICH/GOSH Nephro-urology course 23rd February 2010, London

219. Diagnosis and classification of paediatric vasculitis
   K Tullus
   ICH/GOSH Nephro-urology course 23rd February 2010, London

220. Hypertension – Introduction and case presentations
   K Tullus
   ICH/GOSH Nephro-urology course 23rd February 2010, London

221. Renovascular hypertension
   K Tullus
   ICH/GOSH Nephro-urology course 23rd February 2010, London

222. Management of high blood pressure in children and adolescents: recommendations of the European Society of Hypertension
   K Tullus on behalf of Dr Lurbe
   ICH/GOSH Nephro-urology course 23rd February 2010, London

223. Renovascular hypertension
   K Tullus
   Lecture at the Paediatric Nephrology unit 29th February 2010, Bari Italy

224. Lupus in children
   K Tullus
   Lecture at the Paediatric Nephrology unit 29th February 2010, Bari Italy

225. Urinary tract infections
   K Tullus
   Paediatric meeting the 10th of April 2010, Reykjavik, Iceland
226. Radiological investigations – the NICE perspective
   K Tullus
   Paediatric meeting the 10th of April 2010, Reykjavik, Iceland

227. Urinary tract infections
   K Tullus
   MSc course ICH 14th April 2010, London

228. Personal perspective – Hypertension in children and adolescents
   K Tullus
   Two similar lectures during the yearly meeting RCPCH, Warwick 20th April 2010

229. Renal disease in children with immune dysregulation.
   Dolan N, Jones, A, Tullus K, Marks SD.
   Arch Dis Child 2009; 94 (Suppl 1): A37. Oral Presentation at 13th Spring Meeting of the
   RCPCH (Royal College of Paediatrics and Child Health), York, UK, April 2009.

230. Primary vasculitis in children
   K Tullus
   Paediatric meeting on the 18th of May in Dubai hospital, Dubai

231. Haemolytic Uraemic Syndrome
   K Tullus
   Paediatric meeting on the 18th of May in Dubai hospital, Dubai

232. A difficult case
   K Tullus
   Lecture at the BAPN Clinico-pathology meeting, 4th June 2010, London

233. Mycophenolate mofetil treatment in paediatric onset systemic lupus erythematosus
   I Kazyra, SD Marks, C Pilkington, K Tullus
   Poster at the 9th International congress on SLE, 24th to 27th of June 2010, Vancouver, Canada

234. Glomerulonephritis con semilunas: revision de 44 casos
   A Cubero, K Tullus, D Ruiz, JJ Cubero, N Sebire, R Bedoya.
   Poster at the Spanish nephrology meeting June 2010

235. Medical treatment of VUR – Role of continuous antibiotic prophylaxis.
   K Tullus
   Invited lecture at the International Paediatric Nephrology Association meeting in New York 29th
   August to 2nd September 2010
236. Mycophenolate Mofetil (MMF) treatment in paediatric onset systemic lupus erythematosus (SLE)
   I Kazyra, C Pilkington, SD Marks, K Tullus
   Poster at the lecture International Paediatric Nephrology Association meeting in New York 29th August to 2nd September 2010

237. A single centre experience of congenital and infantile nephrotic syndrome
   G Montini, D Bockenhauer, L Rees, N Sebire, K Tullus, W van’t Hoff, A Waters, S Marks.
   Poster at the lecture International Paediatric Nephrology Association meeting in New York 29th August to 2nd September 2010

238. Renal fibromuscular dysplasia (FMD) is unlikely to be familial and is not caused by smooth muscle alpha actin (ACTA2) mutations
   SD Marks, AM Gullet, K Tullus, R Kleta, AS Woolf
   Poster at the lecture International Paediatric Nephrology Association meeting in New York 29th August to 2nd September 2010

239. Results of surgical treatment for renovascular hypertension in children: 30 year single centre experience
   MB Stadermann, G Montini, G Hamilton, DJ Roebuck, CA McLaren, MJ Dillon, SD Marks, K Tullus
   Poster at the lecture International Paediatric Nephrology Association meeting in New York 29th August to 2nd September 2010

240. Renal biomarkers in a cohort of children with juvenile-onset Systemic Lupus Erythematosus
   L Watson, A Midgley, L Hanna, C Jones, R Holt, C Pilkington, K Tullus, MW Beresford
   Poster BSPAR October 2010

241. Making the diagnosis
   K Tullus
   Nephrology study day for general paediatricians. ICH 15th October 2010

242. Do UTIs matter; long term outcome
   K Tullus
   Nephrology study day for general paediatricians. ICH 15th October 2010

243. Diagnostic approach to a child with haematuria and proteinuria
   K Tullus
   Paediatric Essentials Study day, Lister Hospital 18th October 2010

244. Primary vasculitis in children
   K Tullus
   Paediatric study day Lund, Sweden 21st October 2010
245. Children with vasculitis – case studies  
   **K Tullus**  
   Paediatric study day Lund, Sweden 21st October 2010

246. Hypertension in children and adolescents  
   **K Tullus**  
   Paediatric study day Lund, Sweden 21st October 2010

247. Clinical, epidemiological and molecular aspects of haemolytic uraemic syndrome  
   **K Tullus**  
   Examination of dissertation Lund, Sweden 22\(^{nd}\) October 2010

248. Making the diagnosis  
   **K Tullus**  
   Paediatric meeting on the 22nd November 2010 in Dubai hospital, Dubai

249. Diagnostic approach to a child with haematuria and proteinuria  
   **K Tullus**  
   Paediatric meeting on the 22nd November 2010 in Dubai hospital, Dubai

250. Making the diagnosis  
   **K Tullus**  
   Paediatric meeting Colchester general hospital 6\(^{th}\) December 2010

251. New treatment studies in lupus 2010  
   **K Tullus**  
   Rheumatology meeting GOSH Dec 2010

252. Urinary tract infections  
   **K Tullus**  
   MsC teaching, ICH, London, 16\(^{th}\) February 2011

253. Why is management of UTI so controversial?  
   **K Tullus**  
   Consensus in Pediatrics and Child Health, Paris, France, 20\(^{th}\) February 2011

254. Do UTIs matter – long-term outcome  
   **K Tullus**  
   Consensus in Pediatrics and Child Health, Paris, France, 20\(^{th}\) February 2011

255. Why should we not use prophylactic antibiotics in children with VUR?  
   **K Tullus**  
   Consensus in Pediatrics and Child Health, Paris, France, 20\(^{th}\) February 2011

256. How to diagnose UTI – major pitfalls  
   **K Tullus**  
   ICH/GOSH Nephro-urology course 24th March 2011, London
Long-term consequences of UTI

K Tullus
ICH/GOSH Nephro-urology course 24th March 2011, London

Kjell Tullus references. 16/05/11

1. De tre första studieåren: Medicinsk psykologi och samhällsmedicin.
   M Cederblad, K Nilsson (Tullus).
   Läkartidningen 1974;38:3510-3512.

2. Prenatal sex hormone exposure and congenital limb-reduction defects.
   B Hellström, J Lindsten, K Nilsson (Tullus).

20. Epidemiological aspects of P-fimbriated E.coli: IV Extraintestinal E.coli infections 
before the age of one year and relation to Fecal Colonizations with P-fimbriated 
E.coli. 
K Tullus, G Källenius. 
21. Does neonatal fecal colonization with P-fimbriated \textit{Escherichia coli} predict pyelonephritis?

K Tullus

22A Fecal colonization with P-fimbriated \textit{Escherichia coli} in newborn children in relation to development of extraintestinal \textit{E. coli} infections.

K Tullus.

22B. Colonización fecal con \textit{Escherichia coli} con fimbrias P en neonatos y relación con el desarrollo de infecciones extraintestinales por \textit{E. coli}.

K Tullus.

23. \textit{Alfa}$_1$-antitrypsinscreening - Lär av det tidigare misslyckandet!

K Tullus.
Läkartidningen 1987;84:936.

Data collected in cooperation with:....... K Tullus....... Läkartidningen 1987;84:2038-2040.

M Selenius, K Tullus.
Läkartidningen 1987;84:4410-4411.

27. Influence of age on faecal carriage of P-fimbriated \textit{E. coli} and other Gram-negative bacteria in hospitalized neonates.
K Tullus, B Fryklund, B Berglund, G Källenius and LG Burman.

28. Aerobactin-mediated uptake of iron by strains of \textit{Escherichia coli} causing acute pyelonephritis and bacteraemia.
SH Jacobson, K Tullus, B Wretlind, A Brauner.
29. Outbreak of infections due to a P-fimbriated *Escherichia coli* 016:K1 in a neonatal intensive care unit.
   **K Tullus**, G Faxelius, B Fryklund, A Brauner, LG Burman, U Ransjö.

30. Fecal colonization with P-fimbriated *Escherichia coli* between 0 and 18 months of age.
   **K Tullus**, G Källenius, R Möllby.
   Epidemiology and Infection 1988;100:185-191.

31. Fecal colonization with a P-fimbriated *Escherichia coli* as a predictor of acute pyelonephritis in infancy - a prospective study.
   **K Tullus**.

32. Influence of antibiotic therapy on faecal carriage of P-fimbriated *Escherichia coli* and other Gram-negative bacteria in neonates.
   **K Tullus**, B Fryklund, B Berglund, I Kühn, LG Burman.

33. Epidemiology of *Enterobacteriacae* in 22 neonatal wards and influence of antibiotic policy.
   **K Tullus**, B Berglund, B Fryklund, I Kühn, LG Burman.

34. Incidence of aerobactin-positive *Escherichia coli* strains in patients with symptomatic urinary tract infection.

35. Vad sjukhussmittan kan föra med sig.
   **K Tullus**.
   Aktuellt om gruppliv 1988;28 nr.2:4-5.

36. Islet cell and other organ-specific autoantibodies in all children developing Type 1 (insulin-dependent) diabetes mellitus in Sweden during one year and in matched control children.
   M Landin-Olsson, A Karlsson, G Dahlquist, L Blom, Å Lernmark, G Sundquist........**K Tullus........**

37. The prepuce a mistake of nature?
   J Winberg, I Bollgren, L Gothefors, M Herthelius, **K Tullus**.
   The Lancet 1989;ii:598-599.

38. The postprandial blood glucose response to sucrose/glucose intake in a mixed snack in diabetic teenagers.
   G Cedernark, M Selenius, **K Tullus**.

40. Emergence of cross-resistance to beta-lactam antibiotics in faecal \textit{Escherichia coli} and \textit{Klebsiella} spp. strains from neonates treated with ampicillin or cefuroxime. \textbf{K Tullus}, B Berglund and LG Burman Antimicrobial Agents and Chemotherapy 1990;34:361-362

49. Relative importance of Eight Virulence Characteristics of Pyelonephritogenic Escherichia coli strains assessed by multivariate statistical analyses.
   **K Tullus**, SH Jacobson, M Katouli, A Brauner

50. Phenotypic differences and characteristics of pyelonephritogenic strains of Escherichia coli isolated from children and adults.
   SH Jacobson, M Katouli, **K Tullus**, A Brauner

51. Blodsockermätning i hemmet enligt ny princip verkar lovande.
   M Selenius, **K Tullus**

52. Förbereda barnet - ett sätt att minska integritetskränkningar.
   M Lundqvist, M Eriksson, **K Tullus**
   Läkartidningen 1990;87:2334-2335

53. Host factors versus virulence-associated bacterial characteristics in neonatal and infantile bacteremia and meningitis caused by Escherichia coli.
   **K Tullus**, A Brauner, B Fryklund, T Munkhammar, W Rabsch, R Reissbrodt, LG Burman

54. The use of the PhP-KE biochemical fingerprinting system in epidemiological studies of faecal Enterobacter cloacae from infants in Swedish neonatal wards.
   I Kühn, **K Tullus**, LG Burman

55. Relation between nursing procedures and other local characteristics and transmission of enteric bacteria in neonatal wards.
   B Fryklund, **K Tullus**, LG Burman.

56. Serum resistance in Escherichia coli strains causing acute pyelonephritis and bacteraemia.
   SH Jacobson, CG Östenson, **K Tullus**, A Brauner.

57. Bokrecension av Infection in the newborn ed. J de Louvois and D Harvey.
   **K Tullus**.

58. Epidemiology of plasmid-mediated beta-lactamases in Enterobacteria in Swedish neonatal wards and relation to antimicrobial therapy.
   LG Burman, S Haegmann, M Kuistila, **K Tullus**, P Huovinen
   L Grahnquist, B Lundberg, K Tullus.
   APMIS 1992;100:734-736.
60. Effect of ampicillin versus cefuroxime on the emergence of beta-lactam resistance
   in fecal Enterobacter cloacae isolates from neonates.
   LG Burman, B Berglund, P Huovinen, K Tullus.

61. Recension av Pocketbook of pediatric antimicrobial therapy. JD Nelson.
   K Tullus.

   K Tullus, B Aying-Smith, I Kühn, W Rabsch, R Reissbrodt, LG Burman.
   APMIS 1992;100:1008.1014.

63. The importance of P-fimbriae and Type-1-fimbriae for the persistence of
   Escherichia coli in the human gut.
   K Tullus, I Kühn, I Orskov, F Orskov, R Möllby.

64. Glycaemic effect and satiating capacity of potato chips and milk chocolate bar as
   snacks in teenagers with diabetes.
   G Cedermark, M Selenius, K Tullus

65. Predictive value of islet cell and insulin autoantibodies for type 1 (insulin-
   dependent) diabetes mellitus in a population-based study of newly-diagnosed
   diabetic and matched control children.
   M Landin-Olsson, JP Palmer, Å Lernmark, L Blom G Sundquist, L Nyström, G
   Dahlquist in cooperation with..... K Tullus.......

66. "Letter".
   K Tullus, LG Burman.

67. Prevention of excess neonatal morbidity associated with group B streptococci by
   vaginal chlorhexidine disinfection during labour.
   LG Burman, P Christensen, K Christensen, B Fryklund, AM Helgesson, NW
   Svenningsen, K Tullus and the swedish chlorhexidine study group.

68. Importance of the environment and the faecal flora of infants, nursing staff and
   parents as sources of Gram-negative bacteria colonizing newborns in three neonatal
   wards.
   B Fryklund, K Tullus, B Berglund, LG Burman.
69. The use of colonization rate and epidemic index as tools to illustrate the epidemiology of fecal Enterobacteriaceae in Swedish neonatal wards
I Kühn, B Ayling-Smith, K Tullus, LG Burman

70. Vaginal chlorhexidine disinfection during labour (Letter).
LG Burman, K Tullus.

71. Interleukin-6 and interleukin-8 in the urine of children with acute pyelonephritis.
K Tullus, O Fituri, LG Burman, B Wretlind, A Brauner.

72. Effektiv profylax mot bakteriella problem hos spädbarn.
LG Burman, B Fryklund, K Tullus.
Droppjournalen 1993;nr 1:22-23.

73. Recension av Textbook of Pediatric Infectious Diseases, Ed RD Feigin abd JD Cherry.
K Tullus

74. Association between climate and Enterobacter colonization in Swedish neonatal units.
B Fryklund, K Tullus, LG Burman
Infection Control and Hospital Epidemiology 1993;14:579-582.

75. Functional parameters and $^{99}$technetium-dimercaptosuccinic acid scan in acute pyelonephritis.
T Linné, O Fituri, R Escobar-Billing, A Karlsson, I Wikstad, A Aperia, K Tullus

76. Epidemiologic typing of international collections of Klebsiella spp.: computerized biochemical fingerprinting compared with serotyping, phage typing and pulsed-field gel electrophoresis
K Tullus, LG Burman, S Haeggman, G Hutchinson, I Kühn
Clin Microbiol Infect 1999;5:184-189

77. Epidemiology and attack index of Gram-negative bacteria causing invasive infection in three special-care neonatal units and risk factors for infection.
B Fryklund, K Tullus, LG Burman.
Infection 1995;23:76-80.

78. Elevated cytokine levels in tracheobronchial aspirate fluids from ventilator treated neonates with bronchopulmonary dysplasia.
K Tullus, GW Noack, LG Burman, R Nilsson, B Wretlind, A Brauner.

79A Replik:..... och i världen?
LG Burman, K Tullus.  
Läkartidningen 1993;90:2291-2292.

79B  Replik: Uttrycker oss försiktigt.  
LG Burman, K Tullus.  
Läkartidningen 1993;90:2436.

80.  A hospital outbreak of high-level β-lactam resistant Enterobacter spp.: association more with ampicillin and cephalosporin therapy than with nosocomial transmission.  
M Walder, S Haeggman, K Tullus, LG Burman  
Scandinavian Journal of Infectious Diseases 1996;28:293-296

81.  Correlation between susceptibility of infants to infections and interaction with neutrophils of Escherchia coli strains causing neonatal and infantile septicemia.  
L Öhman, K Tullus, M Katouli, LG Burman, O Stendahl.  

82.  Urine interleukin-6 and interleukin-8 in children with acute pyelonephritis, in relation to DMSA scintigraphy in the acute phase and at 1-year follow-up.  

83.  Survival on skin and surfaces of epidemic and non-epidemic strains of enterobacteria from neonatal special care units.  
B Fryklund, K Tullus, LG Burman.  

84.  Interleukin-1α and interleukin-1 receptor antagonist in the urine of children with acute pyelonephritis and relation to renal scarring.  

85.  Biochemical fingerprinting compared with ribotyping and pulsed-field gel electrophoresis of DNA for epidemiological typing of enterococci.  
I Kühn, LG Burman, S Haeggman, K Tullus, BE Murray.  

86.  Glycemic effect and satiating capacity of potato chips and milk chocolate bars in diabetic teenagers.  
G Cedermark, M Selenius, K Tullus.  
American Journal of Clinical Nutrition 1994;59(Suppl):792S.

87.  Interleukin-1α and interleukin-6 in the urine, kidney and bladder of mice inoculated with E.coli.  
K Tullus, J Wang, Y Lu, LG Burman, A Brauner.  
88. Population analysis of protection by HLA-DR and DQ genes from insulin-dependent diabetes mellitus in Swedish children with insulin-dependent diabetes and controls.
I Kockum, CB Sanjeevi, S Eastman, M Landin-Olsson, G Dahlquist, Å Lernmark and .....K Tullus....

90. Cytokines and renal scarring
K Tullus
In Harnwegsinfektion, Pathogenetische, klinische und therapeutische Aspekte. Ed R Fünfstück, E Straube, G Stein. PABST. 1997; 114-122

91. Cytokine gene expression during experimental Escherichia coli pyelonephritis in mice.
A Khalil, A Brauner, M Bakhiet, LG Burman, G Jaremko, B Wretlind, K Tullus

92. Soluble receptors to tumor necrosis factor and interleukin-6 in the urine during acute pyelonephritis
K Tullus, R Escobar-Billing, O Fituri, Y Lu, A Brauner

93. Polymorphic amino acid variation in HLA-DQ are associated with systematic physical property changes and occurrence of IDDM
CB Sanjeevi, TP Lybrand, C DeWeese, M Landin-Olsson, I Kockum, G Dahlquist, D Stenger, Å Lernmark and the members of the Swedish Childhood Diabetes Study (..... K Tullus....).

94. Greater growth retardation of Escherichia coli in amniotic fluid from late than from early pregnancy as monitored by Bioscreen.
Y Lu, M Pettersson, P Axemo, S Bergström, K Tullus, A Brauner, LG Burman.
Submitted for publication.

95. Early increase of TNFα and IL-6 in tracheobronchial aspirate fluid indicator of subsequent chronic lung disease in preterm infants
B Jónsson, K Tullus, A Brauner, Y Lu, G Noack.
Archives of Disease in Childhood 1997;77:F198-201.

96. A prospective nationwide study of Clostridium difficile-associated diarrheain Sweden
O Karlström, B Fryklund, K Tullus, LG Burman and the Swedish C. difficile Study Group.
Clinical Infectious Diseases 1998;26:141-145.
O Karlström, B Fryklund, K Tullus, LG Burman
Läkartidningen 1997;94:2187-2192.

98. Complex interaction between HLA DR and DQ in conferring risk for childhood type 1 diabetes.
I Kockum, CB Sanjeevi, S Eastman, M Landin-Olsson, G Dahlquist, Å Lernmark and .....K Tullus....
99. Genetic effects on age-dependent onset and islet cell autoantibody markers in type 1 diabetes

100. Downregulatory cytokines in tracheobronchial aspirate fluid from infants with chronic lung disease of prematurity.
    B Jónsson, Y-H Li, G Noack, A Brauner, K Tullus

101. Efficacy and safety during long-term treatment of primary monosymptomatic nocturnal enuresis with desmopressin
    K Tullus, R Bergström, I Fosdal, I Winnergård, K Hjälmås, for the Swedish Enuresis Trial Group.

102. Renal cytokine responses in acute Eschirchia coli pyelonephritis in IL-6 deficient mice.
    A Khalil, K Tullus, T Bartfai, M Bakhiet, G Jaremko, A Brauner.
    Clinical and Experimental Immunology, 2000;122:200-206.

103. Angiotensin II type 1 receptor antagonist (losartan) down-regulates transforming growth factor-β in experimental acute pyelonephritis.
    A Khalil, K Tullus, M Bakhiet, L G Burman, G Jaremko, A Brauner
    Journal of Urology 2000; 164:186-191

104. Ureaplasma urelyticum-induced production of proinflammatory cytokines by macrophages.
    Y-H Li, A Brauner, B Jonsson, I van der Ploeg, O Söder, M Holst, J Skov Jensen, H Lagercrantz, K Tullus

105. Inhibition of macrophage proinflammatory cytokine expression by steroids and recombinant IL-10
    Y-H Li, , A Brauner, B Jonsson, I van der Ploeg, O Söder, M Holst, J Skov Jensen, H Lagercrantz, K Tullus

106. Long-term treatment with desopressin in children with primary monosymptomatic nocturnal enuresis: an open multicentre study
    K Hjälmås, E Hansson, A-L Hellström, S Kruse, U Sillén, in cooperation with the SWEET Study Group ..... K Tullus ......
    British Journal of Urology 1998; 82: 704-709

107. Activation of Nuclear Factor-κB and induction of inducible nitric oxide synthase by Ureaplasma urealyticum in Macrophages
Y-H Li, Z-Q Yan, J Skov Jensen, K Tullus, A Brauner.
108. Meconium induces expression of inducible NO synthase and activation of NF-κB in rat alveolar macrophages
YH Li, ZQ Yan, A Brauner, K Tullus
Pediatric Research 2001;49:820-825

109. Induction of human macrophage vascular endothelial growth factor and intracellular adhesion molecular-1 by Ureaplasma urealyticum and downregulation by steroids
Y-H Li, A Brauner, J Skov Jensen, K Tullus

Y-H Li, M Chen, A Brauner C Zheng, J Skov-Jensen, K Tullus
Biology of the neonate 2002;82:166-173.

111. Microbial infection and inflammation in the development of chronic lung disease of prematurity.
Y-H Li, K Tullus

112. Activation of macrophage nuclear factor-κB and induction of inducible nitric oxide synthase by LPS.
Y-H Li, Z-Q Yan, A Brauner, K Tullus

113. Enhanced chemokine response in experimental acute Escherichia coli pyelonephritis in IL-1 β-deficient mice.
O Hertting, A Khalil, G Jaremko, M Chrome, Li Y, M Bakhiet, T Bartfai, K Tullus, A Brauner

114. Matrix metalloproteinase-9 and tissue inhibitor of metalloproteinases-1 in acute pyelonephritis and renal scarring
M Chromek, K Tullus, O Hertting, G Jaremko, A Khalil, Y-H Li, A Brauner
Pediatric Research 2003;53:698-705

115. Tissue inhibitor of metalloproteinase 1 activates normal human granulocytes, protects them for apoptosis, and blocks their transmigration during inflammation.
M Chromek, K Tullus, J Lundahl, A Brauner
Infection and Immunity 2004;72:82-88
   E Wright, **K Tullus**, MJ Dillon
   Pediatric Nephrology 2004;19:1108-14

117. Ännu inget beslut om barnaga i Storbrittanien. (Medical commentary, Corporal punishment of children in Great Britain.
   **K Tullus**
   Läkartidningen 2004;101:4143-44

118. Sverige har en hel del att lära av engelsk sjukvård.
   **K Tullus**
   Läkartidningen 2005;102:1163-7

   **K Tullus**
   Läkartidningen 2005;102:1169-70

120. Vasculitis and lupus in children.
   S Marks and **K Tullus**

121. B lymphocyte depletion therapy in children with refractory systemic lupus erythematosus
   SD Marks, S Patey, PA Brogan, N Hasson, C Pilkington, P Woo, **K Tullus**
   Arthritis & Rheumatism 2005;52:3168-31740

122. Renal vascular disease in Neurofibromatosis type 2: association or coincidence?
   NJV Cordeiro, KR Gardner, SM Huson, H Stewart, JS Elston, EL Howard, **K Tullus**, MG Pike

123. Childhood vasculitis and plasma exchange
   EC Wright, MJ Dillon, **K Tullus**
   European Journal Pediatrics 2007;166:145-151

   R Shroff, D Roebuck, I Gordon, R Davies, S Stephens, S Marks, M Chan, M Barkovics, C McLaren, V Shah, M Dillon, **K Tullus**
   Pediatrics 2006;118:268-75

125. Time to screen for proteinuria?
    **K Tullus**
Acta Paediatrica 2006; 95:772-3

S Marks, K Tullus
Paediatric Nephrology 2006;21:598-9

AM Waters, L Kerecuk, D Luk, MR Haq, MM Fitzpatrick, RD Gilbert, C Inward, C Jones, B Pichon, C Reid, MPE Slack, W van’t Hoff, MJ Dillon, CM Taylor, K Tullus
Journal of Pediatrics 2007;151:140-4

128. Clinicopathological correlations of paediatric lupus nephritis
SD Marks, NJ Sebire, C Pilkington, K Tullus

129. Lupus nephritis
SD Marks, K Tullus

130. Progression of Chronic Renal Failure in Children with Dysplastic Kidneys
C González Zeledón, M Bitsori, K Tullus

131. IA-2 autoantibodies in incident type I diabetes patients are associated with a polyadenylation signal polymorphism in GIMAP5.

132. SUMO4 M55V polymorphism affects susceptibility to type I diabetes in HLA DR3- and DR4 positive Swedish patients
Sedimbi SK, Luo XR, Sanjeevi CB; Swedish Childhood Diabetes Study Group; Diabetes incidence in Sweden Study Group. Arnquist….Tullus K,…..

Marks SD, Tullus K, Sebire NJ
Fetal Pediatric Pathology 2006;25:297-309

134. Imaging in childhood urinary tract infections: time to reduce investigations
SD Marks, I Gordon, Kjell Tullus

134. Tolterodin and imipramine in refractory enuresis; a placebo-controlled crossover study Neveus T and **Tullus K** Pediatric Nephrology 2008;23:263-67. Epub Nov 15

135. Blood pressure charts in UK children **Tullus K** and Brennan E Archives of Disease in Childhood 2007;92:1045-6

136. Classification of pediatric lupus nephritis Marks SD, Sebire NJ, **Tullus K** Kidney International 2007;72:897-8
137. Evaluation of renal improvement in juvenile systemic lupus erythematosus: Comment on the articles by Ruperto et al.
Marks SD and Tullus K
Arthritis and Rheumatism 2006;55:990-3

138. Renovascular hypertension in children
Tullus K, Brennan E, Hamilton G, Lord R, McLaren CA, Marks SD, Roebuck D
Lancet 2008;37:1453-63

139. Long-term steroid treatment and growth: a study in steroid dependent nephrotic syndrome
Simmonds J, Trompeter R, Tullus K
Archives of Diseases in childhood 2010; 95:146-9

140. Urinary tract infection in children – diagnosis, treatment and long-term management
National Institute of Health and Clinical Excellence Guideline Development Group... Tullus K…
